Thanks for your interest! We offer a proven advertising program that will provide your site immediate visibility, significant increase in traffic, and instant sales leads from the very first day of your contract. Our standard package includes a listing on two high traffic fundraising directories offering complementary but significantly different information to fundraising groups. Advertisers receive regular sales leads from both sites.

Fundraising Ideas & Products Center: Focuses on the specific needs of the most common fundraising groups. The site includes information about advertisers' products and services, an extensive do-it-yourself fundraising collection, organizational listings, and a free monthly newsletter. Includes a listing on the product index page, alphabetical listing by company name, appropriate category page and eight organizational pages. Since 1999, listings have been restricted to a maximum of 100 companies to maintain the highest visibility for current advertisers and to keep from overwhelming the individual requesters for fundraising information. Previous advertisers and companies providing goods or services not currently offered receive first priority when vacancies are available. (<http://fundraising-ideas.org/>)

All Fundraising Companies Directory: Offers the largest selection of fundraising product resources on the Internet. Includes a listing on the appropriate product category page, state/province listing, and alphabetically by company name. The All Fundraising Companies Directory also offers free listings for all fundraising companies who provide a reciprocal link. However, sites that participate in our paid listing program are listed at the top of the category & location listings (above the blue star line), receive sales leads generated from the site, and are eligible to have an icon placed next to their listing. (<http://fundraisingweb.org/>). Paid advertisers are not required to place our icon/reciprocal link on their site.

Standard Listing Package

Payment Options: \$525.00 for 12 months - \$325.00 for 6 months
Renewal Options: \$500 per year – \$150 per quarter

Instant Exposure: Your company, products, services and programs will be viewed by thousands of fundraising groups. During the past year our two sites have a combined monthly average of over 110,000 visitors; 169,000 visits and 883,000 page views. While visitors include all types of fundraising groups, the majority are school groups, sports teams, church groups, day cares, animal welfare, and other organizations who use fundraisers to help support their programs.

Search Engine Visibility: If you haven't done so already, we recommend that you do a **Google** (<http://www.google.com/>) search for the primary search terms used by fundraising groups: fundraising, fund raising, fundraiser, fund raiser, fundraising ideas, fund raising ideas, do-it-yourself fundraising, DIY fundraising, fundraising companies, fund raising companies, fundraising products and/or fund raising products. It will be rare that one or both of our sites is not in the top 5 listings of your search results (fundraising-ideas.org or fundraisingweb.org). You will find similar results with Yahoo! and the other search engines but we focus on Google because it is by far the most popular.

Instant Sales Leads: We send our advertisers an average of over 300 sales leads each month. The leads are generated through the 'Request For Information' forms on each site and are sent to our advertisers via email as soon as the form is completed throughout the day. Individual sales leads are summarized and sent to our advertisers in text and/or Excel format on Sundays and Wednesdays.

Fundraising Resource Guide: Participants in our paid listing program are included in our free downloadable Fundraising Resource Guide which is provided to an average of 205 requesters each month. In addition to a narrative description of your products and programs, the Fundraising Resource Guide contains your telephone number and web site address to allow fundraisers to contact you directly. You can download a free copy at <http://fundraising-ideas.org/directory>.

Optional Advertising Services

About Us

LarMar Enterprises, Inc. first entered the fundraising market in early 1996 with the publication of '*LarMar's Fundraising Resource Guide*', a hard copy fundraising resource directory. As soon as the directory was published, it was apparent that a hard copy directory was not sufficient - that it was out of date almost as soon as it was published. This realization resulted in the opening of LarMar's first Internet fundraising resource site in July 1996.

As the popularity of the of the initial and subsequent sites increased, so did the number of companies requesting a listing, raising concerns that too many listings would reduce the value of the listings and sales leads for our current advertisers, and that the volume of responses to requests for information would soon overwhelm the individual requesters. In 1999, we restricted the number of overall companies listed to 100 to control the response volume.

The **Fundraising Ideas & Products Center** offers a unique combination of commercial and do-it-yourself fundraising alternatives not found anywhere else. While the DIY section may offer some slight competition to our commercial advertisers, the DIY pages account for a significant number of site visitors ... most of whom proceed to our advertisers sites.

LarMar also operates the **All Fundraising Companies Directory** which provides a comprehensive collection of over 1200 fundraising companies on the Internet. Companies are listed by product category, geographic location, and alphabetical by company name, with separate categories for companies located outside the U.S. and Canada. Previously, many of the smaller sites that offer exciting fundraising options could not be found in the various search engines and directories because they were just too far down the search results to be of any use.

LarMar Enterprises, Inc. only provides Internet advertising for fundraising companies. It is not involved in actual fundraising nor does it have a financial interest in any companies listed on our sites.

Is a Listing Worth The Cost?

The question to consider is how many sales you will need to make as a result of your listing to make it worthwhile. We believe that our low, 12% advertiser turnover rate (an average of one per month), and the fact that we still have our very first paid customer from 1996, demonstrates our advertising value.

If You Are Interested In Adding Your Site

Please call or send us an email to LEI@larmar.com to confirm that we currently have a listing vacancy. Sometimes we have a vacancy but don't update our site as quickly as we should. We hope to hear from you soon!
